WAINWRIGHT, ALBERTA, WEDNESDAY, NOVEMBER 7th, 1945

Price \$2.00 Per Year In Advance

Fridays Meeting Re Peace Memorial Centre

At a well-attended meeting held in the Council Chambers on Friday evening, November 3rd, at 8:15, the initial steps were taken to incorporate the Peace Memorial Centre Association (Wainwright) under the Societies Act of the Province of Alberta. The purpose of the Association is to assist in erecting in Wainwright a community centre of which a covered arena is to be the first unit.

Membership in the Association is open to all adults on the payment of a membership fee of one dollar and to all minors on the payment of a membership fee of fifty cents.

The executive elected is as follows: President—Mr. H. T. Coutts Vice President—Mr. J. H. Finlay Secretary—Mrs. F. G. Conroy Treasurer—Mr. L. T. Tordy Directors—Mr. P. M. Armistead, Mrs. Harley, Mr. L. Mitchell, Mr. J. Mitchell, and Mr. L. W. Smith.

The association will solicit contributions for the erection of a Peace Memorial Arena as the first unit in a Community Centre. The objective has been set at \$22,000. It has been suggested that some may wish to make their contribution in the form of a Victory Bond purchased now and later turned over to the Association as a contribution toward the project.

You are invited to join the Association and to give your support to this worthy movement.

Already sizeable contributions have been pledged by several organizations and individuals of the community. Later in the year the Association will make a general appeal to the community-minded citizens of Wainwright and district.—Con.

Former Resident Dies in Edmonton

A former resident that will be remembered by only that old timers of the town and district, died in Edmonton last Friday in the person of Mr. Llewellyn McLaughan, at the age of 69 years.

He will be remembered as having worked for the late Mr. C. T. Lally, when Mr. Lally owned the general store on the site of the Armstrong store, as we know it today.

Mr. McLaughan had lived in Edmonton for some time and was survived by his wife, one son John, two brothers, Stanley and Tracy, and two sisters.

Funeral services were held in the Howard and McBride funeral parlors with Rev. J. McBeath Miller, officiating on Monday of this week. Interment took place in the Edmonton cemetery.

Birthday Party at the Knott Home

A pleasant time was spent on Sunday afternoon at the home of Mr. and Mrs. Elgin Knott when their daughter Joyce entertained a party of little friends in honor of her tenth birthday. Little Wayne Teeter, who was three on Sunday was also a guest of honor.

Children's games and contests kept everyone happy during the afternoon, and later the lucky winners of the various contests proved to be Misses Margaret Minter, Pat Kitchen, Clara Tondou.

Dickout, Cheri Casper and Louise A. delicious lunch was then served the guests, also a three tiered birthday cake which Joyce and Wayne proudly cut in honor of the day.

A change of heart will do more to cure a nation's ills than any change of system.

Nov. 11 Honors Dead of Both Wars

This year as in other years, there will be a remembrance day service held in the Elite Theatre at 4:00 p.m. As November 11th falls on a Sunday this year, it was thought advisable to hold the special service at 4:00 p.m., instead of the usual 11:00 a.m., because it would conflict with the morning church services.

The programme is outlined as follows: **NATIONAL REMEMBRANCE DAY SERVICE**

1. O Canada
 2. Invocation—H/Capt. J. F. Ehmman
 3. Silence
 4. Hymn, Abide With Me
 5. Lesson Holy Scripture—H/Capt. L. A. Eralant
 6. Hymn, O God Our Help
 7. Address—The Rev. W. A. Whelan
 8. Hymn, Onward Christian Soldiers
 9. Benediction—The Rev. A. R. Hancock
 10. God Save the King
- It is earnestly hoped that everyone will be in attendance to honor the war dead of both wars—1914 - 1918, 1939 - 1945.

A.M.A. TO DISCUSS ALASKA HIGHWAY

Taking over of the Alaska highway by the Canadian army on April 1 has aroused special interest in Alberta. Official announcement of this step was made recently at Ottawa.

The future operation of the 1,500-mile highway, particularly from a tourist standpoint, will be discussed at the annual meeting of the Alberta Motor Association which will be held in Calgary on Dec. 8.

The A.M.A. has pointed to the need of Alberta taking action to improve the connections from this province with the Alaska highway which actually begins at Dawson Creek, B.C.

Other highway projects also to be discussed at the meeting of the association probably will include the completion of the Blue River section of the Jasper highway.

Attention also is centred on the progress being made by the B.C. government on the construction of a \$6,000,000 road from Prince George to Dawson Creek, B.C.

Rush of Tourist Hunters to Alberta

Hunters and tourists from the United States will pour into Alberta and other parts of Canada in the next five years.

That opinion has been expressed to officials of the Alberta Motor Association by Michael Lerner, of New York City and Miami, Florida, who was in the province while on a big game shooting trip to Jasper National Park. The same belief also was expressed by Mrs. Lerner. Both are world famous big game hunters.

Thousands of people are waiting to travel, as there has been a pent up demand during the war years, said Mr. Lerner.

There will not be tourist facilities in Europe for some time, following the devastation caused by war, while the food problem in Europe is another factor that will discourage travel to European countries.

These different factors combine to show that Alberta can expect a big volume of tourists in the new year and for the next few years. It has scenic attractions that are unsurpassed and hunting that ranks with the best anywhere, said Mr. Lerner.

ANNOUNCEMENT

Due to the ill health of the driver, who requires an extended rest, there will be no taxi service until further notice.

Wainwright Taxi Co. Ltd.

Wainwright Human Interest Story

Since the passing of time, the younger members of our society, have had very little to say or do, and this week we report a very interesting story pertaining to one of the younger members of our society who happens to live in town.

On Monday afternoon, Mrs. F. G. Roberts, unit secretary for the Ninth Victory Loan, reported to the Star, that Master Lloyd Bolduc came in to the Unit-Headquarters and wrote a cheque for \$20.00 as down payment on a \$100.00 Bond.

The pen that Lloyd used was a present from his mother, and to all who might wonder, the pen worked perfectly and did the job in great style.

For the next 12 months Lloyd plans to put away his family allowance into the bond, which will mean a payment of roughly \$5.00 a month, leaving only \$1.00 for spending money.

That is what we call spunk, and it would seem that if a young fellow like Lloyd could see his way clear to let his earnings work for him in the form of Victory Bonds, just why can't the older generation that are always complaining that the new generation is "going to the dogs"? In other words "BUY MORE VICTORY BONDS"

Wainwright Gaining on Victory Loan

More purchases needed to put Wainwright over the top.

Carl Stafford, Wainwright Chairman

With the last week in sight of the Ninth Victory Loan, and more or less on the down-hill grade, Wainwright is still lagging and unless the town and country people alike, make a last minute spurt, we are going to fall short of our quota.

One thing that has hampered the sale of bonds in this drive is the inclement weather that we have experienced. With the threatening not altogether finished, it is making the job of the Victory Loan Salesman a bit tougher. Also the condition of the roads this past week, has not altogether been what one might call ideal for motoring and without car travelling there cannot possibly be a successful Loan drive.

There is no doubt that both the organizers and the salesmen are working very hard, but without co-operation of the general public. Therefore it seems that if Wainwright is to go anywhere in this Loan drive, the people will have to back up our unit organization.

Up to press time the total so far subscribed is \$160,000, which is 63% of our quota of \$260,000.

It is quite true that we are running ahead of schedule as far as the 8th Victory Loan is concerned, but that is not any reason that we should let up our efforts to fall way back in this loan.

Our goal does look as if it is in sight but only time will tell, so if you have not bought that Bond yet, don't put it off, phone 115 and leave your name and in a very short time the salesman will call to take your purchase.

Danes Tackle Unemployment

Denmark is finding a cure to unemployment. Today, in spite of the difficulties of getting coal for industries and transportation for farm exports, fifty per cent of the Danish communities have no unemployed. And fifty thousand farmers have asked for extra help for 1945-46. In 1939 thirty per cent of all workers were normally unemployed.

The story behind this goes back to before the war when Thorvald Stauning, Denmark's labor Prime Minister, was visited by Supreme Court lawyer Valdemar Hvidt. He suggested the Prime Minister get together some of the leading men to tackle the unemployment question. Stauning looked

Chynoweth-Baker Wedding at United Ch.

The Wainwright United Church was the scene of a pretty wedding, Tuesday, October 23 at 8 p.m., when Rev. W. A. Whelan united in marriage his Myrtle Baker of Edmonton, younger daughter of Mr. and Mrs. Stanley Baker of Victoria, formerly of Wainwright to Mr. Stanley John Chynoweth, younger son of Mrs. M. S. Chynoweth and the late Mr. W. H. Chynoweth of Heath.

Given in marriage by Mr. David Rattray, Jr., the bride was charming in a floor length gown of white flowered organza with bishop sleeves and sweetheart neckline. Her veil was finger-tip length, held in place by a wreath of orange blossoms. Her only ornament was a gold pendant with pearl setting, a gift of the groom. She carried a colonial bouquet of red rose buds, white baby mums and gardenias.

Miss Marion Baker of Edmonton was her sister's bridesmaid. She wore a floor length dress of turquoise sheer with matching jacket of rhinestone trim, small hat of white net and elbow length gloves. She carried a colonial bouquet of yellow roses, with mauve and yellow baby mums.

Mr. Alex Murray cousin of the groom was best man.

The ushers were Mr. Kenneth Greenway, cousin of the bride and Mr. George Chynoweth, brother of the groom.

Miss Pauline Dixon played the wedding march.

After the ceremony a reception and dance was held at the Masonic Hall. The brides table was laid in white linen centered by a three tier wedding cake.

Mrs. David Rattray, Sr., received for the bride in an afternoon dress of navy sheer. Her corsage was of pink carnations. Mrs. Chynoweth mother of the groom received in a two piece afternoon dress of mauve and black flat crepe. Her corsage was of pink carnations.

The bride is a graduate of the Miaserforda Hospital, Edmonton. For travelling she changed to a dress of turquoise wool, matching hat and bag with brown beaver top coat. Her corsage was of gardenias.

After a honeymoon spent in Vancouver and Victoria they will make their home on the groom's farm at Heath.

Out of town guests for the wedding included Miss Marion Baker, Mr. and Mrs. Leo Campe, and Mr. and Mrs. Frank Timko all of Edmonton.—Con.

Fabyan Farmer Found Dead

Mr. Robert S. Reid, 50, of Fabyan was found dead in his farm home with a rifle shot through his head, according to reports received from R.C.M.P. last Tuesday.

Reid was reported to have been found Sunday afternoon with a shot from a .22 rifle in his head. R.C.M.P. said the farmer, who was living alone, had recently been released from Ponoka mental hospital.

R.C.M.P. said Reid was known to have been in a depressed state of mind and had been worrying about money problems.

Dr. Middlemas, district coroner, said no inquest would be held.

The funeral was held Friday last at 2:00 p.m. from McLeod's funeral parlors. Rev. A. R. Hancock officiating. Pallbearers were Messrs. Towers, Strang, H. Craig, A. Craig, J. Dalton and J. Dalton.

Interment took place in the Wainwright cemetery.

at the list of men.

"If you can get these men to tackle anything together," he said, "you have done more than I have ever been able to do."

The conference met and an Association was formed called L.A.B. (Landarbejdernes til Arbejdsloshedsbekæmpelse). Hvidt was elected president of the association.

The answer to no work is work.

(Continued on Page Six)

New Association to Stress For Better Alta. Highways

W.H.S. HI-LITES

The first social event of the term, in the form of a Freshman's Dance, was held last Friday at the Masonic Hall. It was very well attended, the special invitations to the IRMA and Edgerton High Schools, as well as the Separate School here, having been very well received. Their participation added greatly to the success of the dance.

Feature attraction of the evening was the initiation of the W.H.S. "Freshmen". This provided a half hour of entertainment, for the observers at least while the Grade IX's were ducking for apples and proving themselves in various other ways.

Mr. Lambert was the only member of our new staff who was available for this period of the party.

The Freshman's Dance provided the first performance of the new school orchestra, "Students of Swing" and the music was very satisfactory. The stands present a very smart appearance and Roy Hartling deserves special thanks for his fine lettering on them.

Among the novelty dances which were well varied, was a jitterbug contest. This was won by Elitha Sawyer and Doug. Stratton of Edgerton.

A very fine lunch was served at twelve. The entertaining program provided by our students was very enthusiastically received. Participants were: Audrey Smith, Ernie McKernan, Mr. Lambert, singing and Shirley McKenzie, piano solo.

Dancing continued until two. After expressions of appreciation had been suitably given by our visitors the party broke up.

The general feeling which prevails about the High School at present is that the sooner the rink gets going the better.

Adult Education Assoc. Reorganized for Winter

A meeting was held by the Adult Education Association on Thursday night, November 2nd in the Wainwright High School the purpose of reorganizing and making plans for the winter activities.

Arrangements were made for a five week course divided into two classes, one on Child Psychology and one on Handicraft, each offering one period weekly.

A programme committee was appointed to lay definite plans for the coming season with the first class to be held at the High School on Friday, November 9th at 8:15 p.m.

Everyone interested in either of these courses is invited to attend.

After the organization meeting a lecture by Mr. Lenard-Bercuson on Insulin and its uses was greatly appreciated by those assembled.

A business meeting followed for the purpose of electing officers, resulting in Mr. H. T. Coutts being re-elected as chairman and Mrs. G. Conroy as secretary treasurer. The executive for the season will consist of the following: Mrs. A. Moan, Mrs. F. E. McLeod, Mr. J. A. MacKenzie, Mr. G. H. Lambert and Mr. J. H. Finlay.

EXPLOREER'S PARTY

Games, elves, fairies and witches turned the club room of the Presbyterian church into a real fairyland Friday evening, when the Explorers entertained their mothers at a Halloween party.

After a musical program, a sing-song was enjoyed with the Rev. Hancock as song leader. The prizes for the most original costumes went to Gloria McNally, Betty Donaldson and Marjorie Stevenson.

After a delicious lunch, the little folk left for home, tired but very happy after a wonderful party.—S.J.

Representatives of the Alberta Motor Association, the Alberta Motor Transport Association, and the Tourist and Good Roads Committee of the Calgary Board of Trade, held a meeting in the Palliser Hotel, Calgary, to discuss the state and condition of the highways of the province. The purpose of the meeting was to form a co-ordinating committee of the three organizations, with power to add to its membership all other bodies interested, to impress upon the Provincial Government the fact that the tourist trade of the Dominion will be in full swing in 1946, and that Alberta must be in a position to greet the tourists with decent roads to travel over.

Present at the Meeting, were H. R. Chauncey, James Cleave, A. E. Wilson, A. B. Cowan, and Les Saint, representing the Alberta Motor Association, with C. H. Grant and Alfred Blythe of Edmonton, and G. C. Pateron of Lethbridge. The Alberta Motor Association was represented by Jack Taylor, and Chris Mikkelsen, and the Calgary Board of Trade Tourist Committee by M. A. Millard, K.C., and Reg. G. Smith. Mr. Chauncey was Chairman of the meeting, and Mr. Saint, Secretary.

It was reported by Mr. Chauncey that in correspondence with other provinces in the Dominion, most of the road construction was undertaken by private contractors after tenders had been called, and not by Provincial Government road building departments. The need of Dominion and Provincial joint action in the construction of permanent trans-Canada, interprovincial and provincial highways was stressed, but each province had its definite obligation to construct and maintain permanent highways and market roads within its own boundary.

Committees were appointed to interview other organizations, such as the Alberta Farmers' Union, the Alberta Wheat Pool, United Farmers of Alberta, and Boards of Trade, Union of Alberta School Trustees, and Union of Alberta Municipalities, placing before them the value of tourist traffic, as a revenue producer in the province, the value of permanent highways and market roads, and urging their support. Messrs. C. H. Grant and Alfred Blythe of Edmonton, will interview organizations in the northern part of the Province, and Messrs. Chauncey and Smith for the southern part of the Province.

It was pointed out that, with private contractors working on permanent highways, taking seven months as a construction season, only three miles per month of permanent concrete roads could be constructed per unit working, therefore, there were many years work ahead in giving Alberta what it should have had long ago—permanent, dustless, all-weather highways. After considerable discussion, the meeting decided that there was a need of a co-ordinating body and a new organization was formed, to be known as the Alberta Highway Association, with Mr. Chauncey as chairman, and Mr. Saint of Calgary as secretary.

Gospel to every creature."

Rev. and Mrs. E. Opheim in charge

BULBS FROM HOLLAND

Friends and relations of the troops
in Holland are receiving bulbs and,
in many cases, are wondering how to
handle them. Early November is too
late for planting outside, but they
can be planted in pots to provide
bloom inside during the winter.

Soil for potting consists of two
parts of good garden loam, one part
of well rotted manure and one part
of fine sand. If the land is heavy clay,
more sand is required to keep the
soil open. When using an ordinary
can some holes are necessary in the
bottom. Also, to help the drainage,
some flat stones or pieces of broken
crockery are placed in the bottom of
the pot.

Pack the prepared soil in the pot
and as you near the top, press the
bulb firmly in the soil with the base
down. Sufficient soil is pressed around
the bulb to allow a thin covering over
the bulb, when filled. If the can is
large several bulbs can be planted in
the same container.

After planting give the pots a thor-
ough watering and place them in a
cool dark cellar. Watering at inter-
vals will be necessary if the cellar is
dry. The cellar must be kept cool to
allow root development before emer-
gence. Germination should start from
six weeks to three months depend-
ing on the kinds of bulbs, according
to results at the Experimental Station
Scott, Sask. When growth has started,
the pots can be placed in a warmer
room where the light is not too
bright for a few days to harden off
the bulbs without forcing. The light
and temperature can be gradually
increased to encourage development
of bloom. Only sufficient watering is
necessary to keep the soil moist, with
soft water of the growing room tem-
perature preferred.

DIALS WITHOUT HANDS

Capt. Allan Piper of Cornwall,
Ontario, has no hands. He lost them
overseas. But he can now dial a tele-
phone number, make intricate toys
in his home workshop, work his own
garden and handle his pre-war job as
foreman in a paper mill. How he
does it will be shown in the new Vic-
tory Loan movie, "Valiant Company",
to be shown throughout Canada soon.
The purchase of Ninth Victory Loan
bonds will help thousands of other
Canadians to overcome physical
handicaps incurred in their battle for
Canada's freedom.

TENDERS

Offers will be received by the
undersigned up to November 17th,
1945 for the purchase of the East
Hait and North West Quarter Sec-
tion, 29, Township 45, Range 7,
West of the 4th Meridian; Except-
ing thereout all mines and miner-
als. The highest or any offer not
necessarily accepted. Sale if made
to be subject to approval by the
proper authorities.

J. A. MacKenzie, K.C.
Wainwright, Alberta.Solicitor for Estate of
14-11 William Dalton, Deceased

"Welcome to our Boys", S/Sgt Mel
Nichol, Tpr. Gordon Bullymore, Ctn.
Chalmers Jackson, Tpr. Arthur Paw-
sey and Pte. Knute Walgren all of
whom have taken their part in the
fighting overseas.

Jim McGaughey took a bus full of
townsfolk to Chauvin on Tuesday.
The Bishop of Edmonton was a
brief visitor here Monday.

Merle Hallett, eldest daughter of
Mr. and Mrs. George Hallett was
married Friday, October 20th to
Donald M. Snell of Edmonton, at the
Manse by the Rev. R. Clegg.

A moving picture show was given
at the Hall Monday by the National
Film Board. This was primarily an
educational feature for the students
at school. We understand that an ar-
rangement is being made so that this
kind of thing will be shown monthly.

Mr. and Mrs. James Milne of Vik-
ing have been visiting Mrs. Sawyer,
Sr.

Mr. Bullymore was a visitor to the
city for dental care last week.

Maurice Byers and Wale Krinbill
made a speedy trip by car and plane
to look over a business proposition in
the north country.

A bus load of the Edger-teen club
attended the dance at Wainwright on
Friday by invitation of the Wain-
wright High School students.

It has been quite a busy week in
town with farm operations at a stand-
still owing to the bad weather. Bond
sales, Darby's one cent sale and M.
Byers sale. We have still a long way
to go to reach our objective of \$100,-
000 quota in the Ninth Victory Loan.
All those who have not yet placed
their orders for Bonds and possibly
can do so are urgently requested to
see one of the salesmen and do so.

St. Mary's W.A. met at the home
of Mrs. F. F. Mitchell for their regu-
lar monthly meeting.

There has been a wonderful res-
ponse to the appeal of the National
drive for clothing for the devastated
war peoples and the local executive
wish to thank everyone who has con-
tributed. The amount of clothing sent
from this point will be stated next
week.

Post-War Plans for Veterans

The post-war plans of veterans
were dealt with recently by Veteran
Minister MacKenzie. Mr. MacKenzie
revealed that less than one-third of
the fighting forces released to civilian
life are actually hunting for employ-
ment.

In July there were 23,845 pre-dis-
charge interviews by officers of the
Department of Veterans' Affairs at
release centres—a sharp increase over
the June total of 15,754. Only 32.4%
of those interviewed are in quest of
employment. Nearly half the vete-
rans have jobs, farms or businesses to
which they are returning and about
one veteran in seven has a new job
available.

University and vocational training
and settlement on the land absorbs
the remainder. Keenly aware of the
need for specialists, 12.4% of the
July discharges sought further edu-
cational training. Less than three
percent chose farms or farming, while
seven per cent are undecided as to
their future.

Fall Musings

I suppose the desire to own a home
is pretty universal. I know I have
visions of a post-war home, with
plenty of the improvements that I
have been reading about. It is very
pleasant to relax, these fall evenings,
and think of the things that you will
have one of these days. How many
of these fall musings are just idle
dreams, and how many of them will
be realized, "I don't know, but as the
song says, 'I can dream, can't I?'"
And when I'm not using these crisp
fall evenings to think about homes
of the future, I'm exclaiming about
the fruits and vegetables that the
farmers of Canada are supplying
our table with.

For instance, those medium-sized
green squash (I call them pepper
squash, but I don't know if that's the
right name). Is there anything more
delicious! And peppers, red and green
ones. Stuffed with sausage meat, and
baked, or chopped up in a salad—I
can go for that any day in the week.
And so many of the other vegetables
are delicious at this time of the year.
Eggplant is one of them, and Swiss
chard is another. Later on this winter
when we can't get these things—or
else the imported ones will be too ex-
pensive—we're really going to miss
them. I know I am.

Now It Can Be Told

It is good to know that "reasons of
security" no longer hold up informa-
tion about all sorts of things in which
we all have a vital interest.

For instance, how much of our food
is going to which countries. Take

HEATH

Mr. and Mrs. H. C. Mockford en-
joyed a visit from her son Harry
Mockford of Edmonton and grandson
Bert.

Mr. George Turnbull left on Mon-
day's train to visit his home town in
Manitoba. It is his first visit back in
40 years. He will also make a stop
over at the home of his niece, Mrs.
Stanley Davis at Watrous, Sask.

Mr. Fred Ford is also visiting at
his home town in Manitoba where he
will attend the wedding of his niece.
He was accompanied by his daughter
Evelyn.

Heath school pupils enjoyed a Hal-
loween party on Wednesday after-
noon providing their own program
and being supplied with a box of
apples purchased from their class
janitor fund, as well as cookies,
sandwiches and fruit from home.

Mrs. Morton Herbert took their
son Dale to Wainwright on Saturday
for an examination of his ear trouble
and we hope he will soon be well again.
Heath Mutual Telephone Co., held
a meeting at the National Grain
Elevator on Saturday afternoon.

WHITE CLOUD

Mrs. W. Gaines and Billy are now
settled in town where they will make
their home in the future.

A shower was held for Miss Mae
Peacock at the home of Mrs. J. Mc-
Lennan with a large number of
neighbors and friends present.

A halloween party was held at the
school Friday afternoon, everyone
present having a jolly afternoon.

Joyce Knott entertained a number
of little friends, the occasion being
her eleventh birthday.

Don't forget the box social on Nov.
9th.

canned meat, an important relief
food. The Canadian Meat Board now
reports that up to September 15,
overseas shipments of Canadian can-
ned meat during 1945 totalled 49,416,
794 lbs.

The largest portion, 25,357,944 lbs.
went for distribution through UNR-
RA to Greece who got 7,645,704 lbs.;
Poland, 7,305,356 lbs.; Yugoslavia 5,-
808,789 lbs.; Czechoslovakia, 4,358,088
lbs.; and Albania, 270,036 lbs.

To be used in military relief 16,-
924,354 lbs. were shipped.

Britain got 6,295,496 lbs. and
France 862,000 lbs.

EQUITABLE TREATMENT

The farmer patrons of Alberta Pool Elevators are treat-
ed with a degree of fairness and equity that is obtainable
only under the co-operative system.

It happens some times that competitive grain handling
organizations give preferred treatment to a very few
farmers and at the expense of all the rest of the farmers
as a group.

A little thought on what the Wheat Pools have done for
the farming community should convince all farmers that
it is to their advantage to patronize, wherever possible,

WAINWRIGHT. WEDNESDAY NOVEMBER 7th, 1945

WAINWRIGHT STILL LAGGING

This week will see the end of the 9th Victory Loan, and unless Wainwright makes a special effort we will not be in the class that went over the top.

Up to Saturday night we had subscribed, \$155.30, which is only 60% of our quota, and with 66 2/3% of the time gone, it means that the Wainwright-Lima unit will have to be darn good sputters to get to the finishing line before the gun fires. If some one was to propose that they give every man woman and child in Alberta, a sum of money equal to \$200.00, would not every one jump at the chance. We think they would, but still this victory loan will mean just that to the residence of Alberta, and still the people think that it is all a hoax.

Over nine hundred million dollars will be set aside for the establishing of foreign credits to countries that are far less fortunate than ours, which in turn means that the farmer is assured of an export market for his produce, and above all a decent price.

Taking the population of Alberta as 750 thousand, which is a conservative estimate, and the Dominion Government spending 150 millions of dollars, it works out to an average of as stated before, roughly \$200.00 for every man, woman and child.

True enough it will not be given to all on an equal basis, because we are not all farmers, but those who are will receive a very good price for their crop, produce and other such like.

It is a well known fact that the money the farmers have will benefit us all, because after all the farmer is the very existence of Western Canada. Without him the rest of us would perish.

Now Wainwright, let us be sure that ours will not be a last minute stand, which as it has in the past, caused considerable anxiety to the canvassers, organizers and victory loan staff.

Come on Wainwright, let us get behind this great and last Victory Loan with all our might, and show some appreciation to the boys that did such a magnificent job for us.

LET'S MAKE SURE OF THE ROOF

After the best architect has produced plans for a beautiful home the most skillful contractor does not reflect the beauty of those plans until he has completed the roof and has finished the inside trim.

Capable planners designed a secure financial house to shelter Canadian people during war time. It was built by the Canadian people with eight Victory Loans. Although lacking many conveniences, it compared favorably with shaky war time financial structures of many other nations.

The Ninth Victory Loan may well be viewed as the roof and inside trim, the finishing touches on a financial structure which will transform the house to provide comfortable living for the vast majority of Canadians in years following the war.

A successful Ninth Victory Loan will provide the means by which the country can help sailors, soldiers and airmen to re-settle in civilian life with minimum discomfort and to do her share in the great world task of creating order out of disorder and of hastening a resumption of international trade so necessary for continued prosperity in this Canada of ours.

Having done such an excellent job on the foundation and the walls of this Canadian financial house, let us make sure that the architect's plans for the roof are carried out equally well. They will be if each individual citizen buys Ninth Victory Loan Bonds as enthusiastically as he bought in the previous eight campaigns.

There will not be another Loan for 12 months. Last time, Victory Bonds were purchasable on weekly payments spread over 6 months. This time, buy twice as many spread over 12 months. Double your purchases—same weekly payments. So easy! So thrifty! So sign!

APPLICATION FOR LOCKER PLANT LICENSE

Pursuant to The Frozen Food Locker Act being chapter 11 of the Statutes of Alberta, 1944, public notice is hereby given of receipt of an application for license to operate a FROZEN FOOD LOCKER PLANT, at Wainwright, Alberta.

A policy of restricting such licenses has been adopted and only one license will be issued at this point. Application will be received from other interested persons for a period of thirty (30) days following the date of this notice.

Application forms may be obtained from the Dairy Branch, Department of Agriculture, Edmonton.

Dated at Edmonton, in the Province of Alberta, this 2nd day of November, 1945.

**D. H. McCALLUM
 DAIRY COMMISSIONER
 Edmonton, Alberta.**

As this appears in print Canada's first post-war light planes will be taking to the air and these new private aircraft will be much in the limelight. Newsworld cameramen are getting ready for the first demonstrations and there will be all kinds of wild, imaginative talk about the coming air age.

So to get away from the dreams of the illustrators and right down to hard, practical realities of what your family plane of the next two or three years will be like, let's see how they're built and what goes into them.

In the first place most of the larger manufacturers of light aircraft made military, wartime, "Grasshopper" versions, and these sturdy little planes which had to get in and out of fields which no civilian pilot would think of touching, gained them a wealth of experience.

Every light plane—and this applies no matter who the manufacturer consists primarily of a fuselage and a pair of wings. The fuselage is simply a strong framework of seamless, steel tubing. At Hamilton, Ont., where the only light aircraft so far in production in Canada are made, these tubes are welded together by men who a few weeks ago were welding motor mounts for the famous Mosquito fighter-bomber.

The welding is done by means of jigs which hold the tubes rigidly in place, so rigidly and exactly that many of the tolerances are, for less than 1-1000th of an inch. Every bit of that design is roughly 10 times as strong as it will have to be to stand up to any normal or abnormal flying stress.

When the welding on the fuselage is completed, we have a single framework which can be raised with one hand, but so strong it can stand up to almost any punishment.

The wings, of course, are made separately, and like the fuselage they involve what is largely hand work. When both have been completed they are covered with a special, high quality aircraft fabric which is put in place by skilled seamstresses. Then comes dope—sort of a cross between paint and plastic—which dries as the fabric shrinks leaving a smooth wrinkle free surface capable of standing up to years of punishment and wear from weather.

It takes 10,000 separate pieces to make one little two-seater civilian version of the famous wartime Cub Grasshopper, for instance, and the Hamilton factory had to have four complete sets of 1,200 different master drawings, one set for inspection, another for production a third for planning and a fourth for manufacturing.

Like your new post-war automobile the new planes look much like their pre-war predecessors, but hidden away inside are many war-born improvements.

If all sources of infection could be discovered, Canada would be free of tuberculosis in a generation.

HOME EDUCATION

HE TREATS ME LIKE A MAN

My young nephew telephoned the son of a friend of mine inviting him to the opera.

"I'm sorry I can't go Bob. Mother and Father are visiting my aunt, and I have to look out for the younger children," he explained.

"You see, Aunt Helen," Bob confided to me as he turned from the phone, "I knew it was of no use to insist. He said that every time his mother and father go away, his father takes him into his study and says, 'Mike, keep things on an even keel. You know you're the man of the house now. Take care of the younger children, Son.'"

"So that's the secret of Mike's staying so close to his home when Mr. and Mrs. Borda are away," I answered.

"That's it, Aunt Helen." Then my young nephew continued, "Mike says it makes him feel important. 'Do you know, Bob,' he said to me, 'I wouldn't fall my dad for anything in the world. He treats me like a man. So I try to be a man.'"

"He treats me like a man," I kept repeating to myself—thinking of what I had heard.

To be treated like a man— isn't that what every growing boy craves? That is "the secret" behind many outstanding personalities among our adolescents. One of the finest young men I know, a naval cadet, has from the time he was a very young lad willingly helped with the care of his two little sisters. Time and again I have seen him, a tall handsome boy, holding each sister by the hand and, to their evident delight, starting to do some errand or to walk or play with them, in order that his mother might have some opportunity for relaxation and rest.

Many boys would have been teased by others for "playing nursemaid." This lad, however, had a certain dignity and a natural gift for getting along with the boys of his own age that not only repelled any teasing but actually caused a certain amount of emulation. The people of that village, therefore, began to look to the older boys and girls to be helpful and dependable, and they were seldom disappointed.

Children are like adults—they usually do what is expected of them. If we expect them to be children who can accept responsibility, who are "useful as well as ornamental," they will undoubtedly endeavour to live up to our expectations.

"He treats me like a man." Need I say more? That short sentence tells the story.

BUY VICTORY BONDS

IN MILKING, TOO, MODERN MACHINERY Eliminates the Drudgery of Hand Labor

Why do by hand, work that can be done quicker, easier and cheaper by machine? Why put up with the drudgery and the time- and money-wasting disadvantages of hand milking, when you can enjoy the convenience and profit-making advantages of doing this wearisome daily task by simply installing the Massey-Harris Rite-Way Milker in your barn? Ask your local dealer for particulars.

HEALTH

A HEALTH SERVICE OF THE CANADIAN MEDICAL ASSOCIATION AND LIFE INSURANCE COMPANIES IN CANADA

MILK FOOD VALUES

NOT DESTROYED

BY PASTEURIZATION

No municipality would seriously consider drinking contaminated water merely because of the doubt expressed by certain individuals as to whether the addition of chlorine affected its value, or because pure water was more expensive than impure water, yet year after year the health of thousands of Canadians is imperilled on claims concerning unpasteurized milk which are just as admissible.

It is a fact that milk—the finest of all foods—is the most favorable medium among the commonly used foods for the spread of disease and that numerous epidemics have been caused by use of unpasteurized milk, but the proposal to place compulsory pasteurization on a Dominion-wide basis is still meeting with opposition.

The Health League of Canada's current drive for compulsory pasteurization legislation in the eight provinces outside Ontario, only one of the nine which has such a law, is still bringing forth the old arguments which have no basis of fact.

The opposition centres around claims that many present-day oldsters never heard of pasteurized milk in their youth, yet they reached their present ages without much trouble. Such claimants, however, fail to mention the number of persons who today have deformities, many of them crippling, suffered as a result of contracting milk-borne diseases. They also fail to mention the number of persons of their own generation who died from these same infections. They may have survived themselves, but there are survivors after all epidemics.

Then there is the argument that some food values are destroyed by pasteurization. Medical authorities state that none of the essential ingredients in milk is adversely affected by the heating process.

There is no evidence that pasteurization destroys any food element of which raw milk has an adequate supply—remembering that even milk is not a complete food. Pasteurized or unpasteurized, it is deficient in Vitamin C; that is why infants are fed orange juice or tomato juice.

Pasteurization affects neither the limited Vitamin D content, which likewise requires supplementing, nor the content of Vitamins A and B. The mineral salts are not affected. The protein is rendered more digestible by heat, and the fat globules are more finely divided. Studies by the United States Public Health Service on large numbers of children show that those who are fed on pasteurized milk thrive just as well as do those to whom raw milk is given.

Hints for the Household

MY "BEST" COFFEE CAKE

Here is the best coffee cake recipe to come out of our kitchen for some time. I mean this! No sugar is needed in the kitchen itself and the topping calls for only 1/4 cup brown sugar. Most of the labor may be done the night before the cake is baked, as the batter stores well. Next morning the job is easy. Yes! It's a really fine recipe.

Honey Bran Kuchen

1/2 cup sifted flour; 3/4 teaspoon double-acting baking powder; 1/4 teaspoon salt; 1/2 cup milk; 4 tablespoons honey; 1 egg, well beaten; 4 tablespoons melted shortening; 1 1/2 cups 40% bran flakes.

4 tablespoons brown sugar; 1/2 teaspoon cinnamon; 1/4 to 1/2 teaspoon nutmeg; 2 tablespoons melted butter or margarine; 1/4 cup 40% bran flakes.

Sift flour once, measure, add baking powder and salt, and sift again. Combine milk, honey and egg. Add to flour mixture, add shortening, then mix only enough to dampen flour. Fold in 1 1/2 cups flakes. Turn into greased pan 8x8x2-inches.

Mix together brown sugar, spices, butter, and remaining 1/4 cup flakes. Sprinkle over top of batter and bake in hot oven (400°F.) 25 minutes, or until done.

NOTE: If desired, batter may be prepared as directed and stored overnight. Turn batter into pan, cover closely with damp cloth, then waxed paper, tie securely. Before baking, sprinkle with topping and allow to stand while oven is heating. Increase baking time to 30 minutes, or until done.

THIS IS A "HONEY"

If you feel the urge to bake something tasty like a cake, and your sugar stock is getting mighty low—

Smile! You're problem's really funny. Save your sugar! Use some honey. Complete directions follow right below:

All Honey Chocolate Cake

2 cups sifted cake flour; 1 1/2 teaspoons soda; 1/2 teaspoon salt; 1/2 cup butter or other shortening; 1 1/2 cups honey; 2 eggs, unbeaten; 3 squares unsweetened chocolate, melted; 2/3 cup water; 1 teaspoon vanilla.

Sift flour once, measure, add soda and salt, and sift together three times. Cream butter, add honey very gradually, by tablespoons at first, beating very hard after each addition to keep mixture thick. Add 1/4 of flour and beat until smooth and well blended. Add eggs, one at a time, beating well after each. Add remaining flour in thirds, alternately with water in halves, beating very well after each addition. Add vanilla. Bake in two greased 9-inch layer pans in moderate oven (350°F.) 30 minutes or until done. Spread your favorite frosting between layers and on top of cake.

NOTE: For best results, beat very well at each stage of mixing.

A NEW CHIFFON PIE

Here's a new version of the perennially popular light-textured chiffon pie. Perhaps you have other chiffon pie recipes but try this one and I'll tell you in advance that it will be

popped into your recipe file for regular use. Only 5 tablespoons of sugar needed. That's something these days especially when you stop to think that a pie of this size provides six servings!

Apple Chiffon Pie

1 package lemon-flavored gelatin; 1 1/2 cups hot water; 2 tablespoons sugar; 1/4 teaspoon salt; 1 1/4 cups apple juice; 2 tablespoons lemon juice; 2 egg whites; 3 tablespoons sugar; 1 baked 9-inch pie shell or graham cracker crust.

Dissolve egg whites until foamy throughout; add sugar gradually and continue beating with rotary egg beater until mixture will stand in soft peaks. Fold into gelatin mixture. Turn into pie shell. Serve plain or garnish with slices or cubes of unpeeled red apples.

USE FALL FRUITS

Use Fall fruits liberally—not merely because they taste good, but because you need their minerals and vitamins now that the market is no longer loaded with summertime's fruits and green vegetables.

Two of these Fall fruits—cranberries and oranges—combine with easy-to-prepare packaged pudding to provide a simple dessert; see recipe below. Incidentally, this parfait is as "pretty as a picture," with its appetizing appealing color contrast and its intriguing diagonal design.

Cranberry Pudding Parfait
Prepare powdered vanilla pudding as directed on package. Cool. To make diagonal design, hold parfait glass at 45° angle and partially fill with pudding. Still holding glass at same angle add 1/4 inch layer of Cranberry Orange Sauce; then fill with pudding. Chill. Makes 4 servings.

Cranberry Orange Sauce. Cut 1 small whole orange into wedges; remove seeds. Put through food chopper with 1 cup cranberries. Add 1/4 cup sugar and dash of salt and mix well. Chill several hours. Makes 1/2 cup sauce.

Grape Upside-Down Pudding

3 cups grapes, preferably blue
1/3 cup sugar
1 1/4 tablespoons cornstarch
Dash of salt

Plain one-egg cake batter

Wash grapes and press pulp from skins. Heat pulp to boiling point and boil gently 5 minutes. Rub through a sieve to remove seeds. Combine pulp and skins and cook together 5 minutes. Mix sugar, cornstarch and salt. Blend with a little of the grape mixture then add to remaining grape mixture and cook until thick, stirring constantly. Pour into a greased baking dish (one-quart size) and leave to cool. Meantime, make a plain one-egg cake batter and spread carefully over the cooled grape mixture. Bake in a moderately hot oven, 375°F. for 30 minutes, then reduce heat to 350°F. and bake 15 minutes longer. Turn out on a large deep serving dish and serve hot. Six servings.

FAILURE-PROOF FRUIT CREAM PIES

Even if you are one of the war brides whose good intentions about learning to cook have languished under pressure of a job, you still can win culinary compliments from your returning soldier husband as a queen cook, if you'll practice a little discreet strategy. It's winning technique for amateur cooks to build menus around entrees that need little preparation and concentrate on a truly luscious dessert, for last eaten is best remembered.

Even the bride who can barely boil water can count on achieving a toothsome fruit cream pie, if she makes her pie filling of sweetened condensed milk. This smooth, creamy blend of whole milk and sugar guarantees a magically failure-proof filling that

MISS MAXWELL HOLDS

PARTY FOR CHARLIE

For his last broadcast in New York before returning to Hollywood, Charlie McCarthy will have a party given to him by the No. 1 hostess, Miss Maxwell, who appears on his program as guest Sunday, November 8, at 8:00 p.m. (EST) over NBC. Ray Noble provides the music for the occasion with vocals by Anita Gordon.

Miss Maxwell has just arrived in New York after giving one of her famous parties in Hollywood. Charlie has learned it was just a small party of some sixty people and is in no way indicative of the special one she has in mind for him.

If there is a lull in the festivities, Charlie and Edgar Bergen hope to prevail upon Miss Maxwell to teach them her favorite game, "Eight-Pack Besique." The game was taught her some years ago by Winston Churchill.

is always just right for cutting, never runny and never too stiff. Add the filling, made with sweetened condensed milk, doesn't require a bit of your sugar ration. If you want a meringue however, you'll need two tablespoons of sugar.

There's no need to worry about pie crust pitfalls; any amateur can turn out a cookie crumb crust that will win applause.

Magic Fruit Cream Pie

1-1/2 cups (1 can) sweetened condensed milk
1/2 cup lemon juice
3 eggs, separated
1 cup sliced fruit
2 tablespoons sugar

Cookie crumb crust
Blend sweetened condensed milk, lemon juice and egg yolks. Fold in sliced fruit. Four into pie plate (9-inch) lined with cookie crumb crust. Cover with meringue made by beating egg whites until stiff and adding sugar. Bake in moderate oven (350°F.) 10 minutes or until brown. Chill before serving.

Or omit the meringue, and garnish with fruit.

Magic Chocolate Pie

2 squares unsweetened chocolate
1-1/3 cups (1 can) sweetened condensed milk
1/2 cup water

Baked pie shell (8-inch)
Melt chocolate in top of double boiler. Add sweetened condensed milk, stirring over boiling water 5 minutes until mixture thickens. Add water, stir until thoroughly blended. Pour into baked pie shell. Garnish with whipped cream if desired. Chill.

NEWS & VIEWS OF TOWN AND DISTRICT

BORN—To Mr. and Mrs. T. Nelson of Wainwright at the Wainwright municipal hospital on November 2nd, a boy.

BORN—To Mr. and Mrs. A. Olson (nee Lois Arthur) of Heath at the University Hospital, Edmonton on October 31st, a boy, Arthur Barry.

Mr. Joyce and Audrey arrived home on Sunday, October 29th after a holiday in Winnipeg. Audrey will return to Winnipeg early in January to begin training at the Winnipeg General School of Nurses.

Mr. Roy Donnelly requests that the person who stole the four and a half pairs of ladies silk stockings from his clothes line will either bring back the odd stocking or call and get the half a pair they left, as neither Mrs. Donnelly or the other party will find much use for half a pair of hose!

Mr. and Mrs. A. W. Fraser, accompanied by Mrs. B. Fraser and Eddie spent a few days in the city last week end on business and visiting relatives.

Mrs. Carroll left on Friday to spend a few days visiting with her daughter Miss M. E. Carroll at Athabasca.

After a holiday spent visiting with her parents, Miss Mae Peacock returned to Edmonton last week-end, she was accompanied by her sister Miss Doris Peacock who returned on Monday.

Mr. and Mrs. Lawrence Dahl spent a few days in the city on business last week-end.

Mr. and Mrs. Roland Wilkins and family left on Monday morning for Westlock where they will visit friends.

Mr. L. Wallace is busy these days building an addition to his house.

Mr. and Mrs. P. M. Armishaw were pleased last week to welcome another of their sons, Wesley, home after several years overseas.

Miss Verna Clark spent a few days last week visiting at the home of Mr. and Mrs. S. Wilson.

Mrs. F. Fahner and daughter David returned home on Monday's bus after visiting her daughter Mrs. Howard Renville in Edmonton.

After three years occupation by the R.C.O.C., the local curling rink will again be in operation this winter. Mr. Ivan Mitchell is supervising the preparation of the ice.

Misses Marion and Dorothy Gladden of Kerrobert, Sask., were guests at the home of Mr. and Mrs. P. M. Armishaw during the past week.

Messrs. Jas. Robinson and Robt. Leggett were trippers to Calgary the first of the week to represent the local town council at the convention being held there.

At The Churches

ST. ANDREW'S PRESBYTERIAN
REV. A. B. HANCOCK

Thursday 8:00—Call to Prayer.
Friday 7:30—Explorers Group.

8:00—Young Peoples Society.
Ladies Guild meets first Wednesday
of the month at 3:00 p.m.

The W.M.S. meets third Wednesday of
the month at 3:00 p.m.

Mrs. Chas. Freed was a visitor to the city for a few days last week.

Dr. and Mrs. Alex Rattray and baby son of Edmonton spent a few days in town last week at the home of Mr. and Mrs. D. Rattray, Sr.

Mr. and Mrs. Harold Murray of Edmonton were here to attend the Taylor-Hooper wedding on Friday last.

Mr. N. Strauss of Edmonton left for home Sunday after visiting friends and relatives in the district.

Mrs. June Cartier has accepted a position in the Armstrong store to replace Miss Helene Boyd who was formerly employed there.

Mr. Art Siddons is working in Conroy's garage these days.

Mr. W. Ings who is in charge of the local Soldier Settlement Board work spent a few days in the city last week.

Mr. and Mrs. Siddons have moved to town and are occupying the house formerly occupied by Mr. and Mrs. F. Hart.

Miss Lillian Bloom was a brief visitor to the city at the week-end.

Mr. and Mrs. Jeff Taylor moved into their new home on main street last week and Mrs. B. Wilkins will move into the house they vacated.

Mrs. L. Cummings stopped off to visit with her sister Mrs. S. R. Bower for a few days enroute to her home, after holidaying in Pictou, Ont.

D. J. Hardy (Jick) returned home the first of the week after visiting with Mr. and Mrs. Thurston at Strathmore.

Miss Doris Bowman of the local Treasury Branch staff spent a few days in Edmonton the first of the week on business.

The regular monthly meeting of the local War Service League will be held on Friday afternoon at 3:00 p.m. in the council chambers.

Messrs. Wally Snyder, Howard Zajic and Lawrence and Alex Murray were visitors to the city over the week-end.

EXPERIMENTER

FLETCHER MARKLE, author of Baker's Dozen radio experiment, and the British documentary film, "V-1", has written a 13-week series as summer successor to Stage 45, entitled "Radio Folio", the series will be directed by Mr. Markle.

Sunshine or rain! Want Ads results repeat again and again!

Democracy must again become a moral force in the world before it can become a political success.

All ex-service men are urged to contact Messrs. H. Wilson, Chas. Horn or C. Abernethy and pick up their tickets to the Banquet being held on Monday, Nov. 12th in the L.O.O.F. hall and sponsored by the Canadian Legion.

Mr. F. E. McLeod spent a few days in Edmonton and Calgary last week on a buying trip.

The Road Ahead

The first concern of the newly-discharged man or woman is rainfall. After five or six years of being decked out exclusively in blue or gray or khaki, the vet finds it most pleasant to be able to cut his own slice of the rainbow.

A tie which features seven or eight different pastel shades, and socks with plenty of zing to their design are a welcome change from the black or khaki neckwear which the uniform featured exclusively, or those gray, one-size affairs worn under the boots.

Vets Appreciate Haberdashers' Goodwill

A suit, of course, is the prime necessity of the man returning to civilian status, but a coat and vest would be something less than elegant if the wearer lacked a shirt. Consequently, the veteran is grateful for the policy adopted by many clothing stores across Canada of setting aside out of each shipment of haberdashery a large assortment of accessories to be sold only to demobilized personnel. This is a purely spontaneous gesture of goodwill.

More Than Law Provides

The law says that newly discharged men must be given priority rating when it comes to the purchase of a new suit, but no mention is made of any other articles of apparel. Therefore, the storekeeper would be quite within his rights in ignoring the vet's need for any of the other attributes of the well-dressed man. That such a course is not followed is appreciated very sincerely by the man trying to prepare himself for Civvy Street.

As George Price of Halifax (late Corporal Price, Royal Canadian Engineers), expressed it: "A lot of us fellows have to start from scratch in the matter of getting a wardrobe together. In my case, for instance, I told mother to give my clothes to the Red Cross when I went overseas. So I have practically nothing. It certainly helps a lot to find a shopkeeper who goes out of his way to provide the necessary clothes."

The veteran is, of course, permitted to take his priority clothing slip to any merchant he chooses. Some wish to renew acquaintance with an outfitter whom they patronized before the war; others have no one in particular in mind when they set out to spend their clothing allowance.

It is this latter group which finds so helpful the courteous attitude of the stores and clothing departments.

BAD POSTURE CAN UNDERMINE HEALTH

Poor posture is ugly, fatiguing and damaging to the health, Dr. Jerome S. Peterson of the New York City Department of Health says in an article in a recent issue of Hygeia, the health magazine of the American Medical Association.

"Poor health, depressed mental attitude and bad posture seem to go together," Dr. Peterson says. "Bad posture will throw the body out of alignment and may do serious damage to the internal organs as a result of unnatural compression."

The writer's formula for improving the posture is:

"Stand correctly; stand as tall as possible without rising on your toes. your toes forward. Hold your head up, bring your chin in. Your chest should be up. The lower abdomen sides. Be conscious of your posture, but try to be relaxed at the same time."

UNEMPLOYMENT

continued from page 1

said Hvidt, "and it is everybody's responsibility to find work for others. Our only wealth is our people and the work of our people. Unemployment is not just a technical and economic problem, but above all a moral problem. It depends on our will and courage, our imagination and unselfishness. Let's get to work."

They did. First the big unemployment monster was chopped into small parts. Local committees were faced and it was made a home town project to see what could be done. In most communities L.A.B. found ready response because of the preparatory work enlisting local citizens to take civic responsibility which had been done by Moral Re-Armament of which Hvidt was a national leader.

What happened in one town was typical.

The leading industrialist got interested. "But," he said, "we would need the mayor's cooperation, and everybody knows that the mayor and I are not on speaking terms. I would hate to block the way for this project, so take my name off."

Next day he called up: "I've been thinking all night about it. This is bigger than our squabbles, so I am going to offer my services to the mayor." He published a letter in the local paper that was an apology. His action started things going and local community projects sprang up all over the town.

All through the war years L.A.B. seemingly occupied with "unpolitical" activities, built up a network of patriots.

In 1943 Hvidt and his associates in

L.A.B. ignored the iron fist of the Nazi occupiers and turned to prepare Denmark to meet the huge unemployment expected after the war. The L.A.B. agents in this "pre-war" campaign were mostly former officers from the disbanded Danish army. They personally visited every landowner in the country. A hundred thousand farmers in 1900 villages were asked what jobs were waiting to be done on their farms and how many extra men they could employ after the war.

As a result the labor department got a detailed picture of the work possibilities in farm communities unparalleled in any other country. They knew every roof that leaked, every field that needed drainage, every barnyard repair job. And even more important, every farmer in Denmark found himself taking a personal interest in finding work for at least one more fellow Dane. Fifty thousand men found work in this way. A leading newspaper commented, "The three letters L.A.B. will in years to come mean work for many idle hands."

That this development is receiving world-wide attention is evident from the following comment by George Light, Chairman, National Trade Union Club, London, England:

"I have known this scheme since its inception. The cooperation shown by people in all parts of the country has been remarkable. Much has been done, much more remains to be done. The ghastly tragedy of unemployment is everybody's responsibility in the country. To try to avoid it is playing a coward's part. We must drive poverty from our midst. This is one practical way of doing it."

ALL CHANGE!

Change is the law of life. But the dinosaur did not obey it. He seemed to be protected against everything that could happen. And he was—except against a change of climate. He could not, or would not, change to meet this new condition. Now the dinosaur is a colossal prehistoric fossil, gathering dust in a museum.

Will that ever happen to the human species? Could be. In England the great labor landslide is clearly a revolt of the ordinary man against conservative political and business leaders who refused to change. They had clung to precedent and privilege. They did not adjust to the new social climate. They did not think of the whole. Now they are a skeleton of their former selves in Parliament.

On Labor Day, in the United States Secretary of Labor Schwelmbach pointed to this same need for change. For a hundred years, he said, American business management has had the chance to change its motive practices and to give the nation a new lead. But they too refused to change—failed to clean their own house. So Government stepped in to do the job. And "free enterprise" may become a forgotten phrase in a dusty museum document.

Labor, too, he said, must change and clean their own house. Or Government will step in and do the job. The labor union also will become a museum relic.

Housecleaning in the nation must, like charity, begin at home. There are many stubborn dinosaur ways we probably could change right at our own dinner tables.

Demanding obedience of the children while obedient ourselves to nothing but our own desires. Demanding the family car. A change in these ways would make family life look less like a dictatorship. Less of a heartache, more of a joy. A better working model of democracy in which two, three, four or more people begin to work together and think for the whole family instead of for themselves alone.

If we have held out against change until now—if we are unperturbed even by the sharp swing to the left all around the world—the atomic bomb, at least, leaves no choice. We must all change and be decent to each other—men, and families, and industries and nations. Or we won't survive even as a fossil. We will be pulverized to dust not worth saving in a museum. And so will the museums.

World of Wheat

IT WILL COST MONEY TO WIN THE PEACE

The war is won. In times past when that happened armies were demobilized, taxes were reduced and each nation tried to help itself without regard to the welfare of others. We tried exactly this policy after the last war, but as we all know, not only did that policy get us into serious difficulties but it also sowed the seeds of another war. Apparently, then, it is not only necessary to win the war, but it is also equally necessary to win the peace, and unless the peace is won, we shall certainly fall into the same state of worldwide depression and despair as we fell into after the last war. Benefitting by past experience, however, we can win the peace, but it will cost a great deal of money; much more, for this year at least, than we can collect in taxes; so once again the Government has to borrow a large sum from the people. Those who subscribe, therefore, to the Ninth Victory Loan—and everyone should do so generously—will help to win the peace, and so avoid inflation, depression and perhaps another war in our lifetime. Buying Bonds will also help to rehabilitate the Return-

Total of 20 cash prizes comprise the stakes in the new Kitchen Craft Flour contest, with \$3,500 for top winner. Competition hinges on Aunt Mary's favorite cake recipe, (directions on entry form), with which housewives are invited to make the cake. Having made the cake, the next step is to taste it, then name it.

Rules provide that as many names for the cake may be sent in as constant wishes. Only one name is to be written on each entry blank which is to be accompanied with the words "Kitchen Craft" cut from the recipe folder enclosed in the flour bag, or cut from the bag itself. Contest starts this month and closes November 19. The radio program AUNT MARY is heard on CJCA at 10:30 every morning, Monday through Friday.

CANADIANISM

As a further step in their program to promote Canadianism, CJCA now carries a daily commentary on the subject, by Stan Ross, prominent news commentator.

Daily Monday through Friday at 11:10 p.m., Mr. Ross discusses a topic of current news interest, weights it from all angles, and winds up the discussion with a frank "straight from the shoulder" comment on the stand that should be taken on the matter discussed, in the interests of a truer and purer spirit of Canadianism. The talks are designed to drive home this point forcefully and often.

Incidentally, Stan Ross reviews the news each Saturday night and broadcasts a commentary titled "The International Scene" each Sunday morning.

Copies of the Sunday talk are made available to listeners upon request. This is a CJCA public service that is gaining in popularity. The mailing list is growing rapidly, with school teachers and Social Studies students forming a large portion of the client-

ing Men of the Fighting Forces who won the War for us, and to whose valiant deeds we owe everything we now possess and enjoy.

ITEMS OF INTEREST IN THE WORLD OF FOODSTUFFS

Norway's 1945 grain crop is estimated to total about 200,000 short tons, or around 80% of average. Holland needs 80,000 tons of wheat per month for food and feed during the next year—Australia's new wheat crop is now estimated at 135 million bushels, compared with the previous forecast of 150 million bushels. Drought conditions in certain areas are responsible for the decline.

Broomhall reports that the weather has cleared in Argentina following general showers which were beneficial to the growing crops—Weather conditions in the U.S. south-western wheat belt have been favourable for seeding the 1946 winter wheat crop.

It is not a question of the "haves" and "have nots" but of what we do with what we have.

"A SONG TO REMEMBER"

With the immortal music of Chopin upon whose life the screen play is based, to stir the soul. Filmed in Technicolor to please the eye and a romantic story to stimulate the emotions, it is difficult to imagine a theatre goer who fails to find a plethora of entertainment in its entire, engrossing length. In every department the picture is a solid triumph. Starring Paul Muni, Merle Oberon, Cornel Wilde and Stephen Bekassy.

MONDAY & TUESDAY NOVEMBER 12-13
"ARSENIC AND OLD LACE"

One of the great comedy smash hits of all time. It raises a storm of laughter in a breathless pace from the first moment to the last. Starring Cary Grant with Raymond Massey, Jack Carson and Peter Lorre.

WEDNESDAY & THURSDAY NOVEMBER 14-15
"THAT'S THE SPIRIT"

Old favorites and new sensations, you'll find them all in "That's the Spirit." Fresh as a spring time breeze. Lifting as a meadow lark's trill. Peggy Ryan out dances herself. Starring Jack Oakie, Peggy Ryan, Gene Lockhart and Andy Devine.
